DAZZLE DROPS™ SILVER JEWELRY CLEANER DOES IT ALL

At last, you can forget dipping your silver jewelry into toxic, smelly cleaners that only remove the dirt and tarnish.

A REMARKABLE ADVANCEMENT

After cleaning with Dazzle Drops Silver Jewelry Cleaner, your silver jewelry will be tarnish free, shine like new, and be protected from future tarnish longer.

A small bead of Silver Cleansing Formula with exclusive tarnish control on the Soft Silver Cleansing Brush is all it takes to brush your silver jewelry to a lasting, like-new shine.

DIRECTIONS FOR USE

Wet Cleansing Brush bristles.

Squeeze a small bead of Silver Cleansing Formula onto jewelry.

Gently brush jewelry.

Place jewelry in Dipping Scoop for rinsing.

Fill Rinsing Container $\frac{3}{4}$ full with warm water.

Rinse jewelry in Rinsing Container (or under faucet) with Dipping Scoop.

Repeat cleansing process if jewelry is still dirty or tarnished.

Dry jewelry with soft, lint-free cloth.

EMPTY RINSE WATER from Container

Store all cleaning elements in vented Rinsing Container for future use.
